

THE STURBRIDGE

A perfect choice for a mountain community, the Sturbridge design by Ken Pieper offers luxurious architectural details and abundant exterior natural elements™ for a captivating first impression.

The timber framed, covered entry porch with natural stone under foot and at the foundation sets the tone for the rich, spacious interior. This grand entrance is accentuated by the adjacent stair tower. A separate entrance opens to the utility area.

Features: Master on Main Level • 4 & 3-1/2 Baths • 4 Bedrooms • Total 6,224 Finished Square Footage
